Recruiter’s Corner:

Ensure that all leads are being turned in to the recruiters thru the unit. This is how progress is being tracked.

Outstanding Jobs:

Enlist soldiers into the unit through GRAP and your name will be here. Also, you will make \$2000 once the soldier has shipped to Basic. Make sure that you are doing your part for the unit to be successful!

Quote of the Month:

"Not everything that can be counted counts, and not everything that counts can be counted."

BE PREPARED FOR RECRUITING OPS

MAKE SURE YOU HAVE A CLEAN UNIFORM

THE FOCUS FOR THE NEXT YEAR IS RECRUITING AND RETENTION – IF YOU ARE NOT PART OF THE SOLUTION THEN CONSIDER YOURSELF PART OF THE PROBLEM

CONTACT YOUR TEAM LEADER PRIOR TO DRILL FOR ANY CHANGES.

Commander’s Comments: CPT Waller, Company Commander

The focus for this drill is to continue with our new mission – recruiting. If you enlist a soldier into the guard, you make \$1000. Once this new soldier ships to Basic, you get another \$1000. It is getting near the holidays, so make a few extra bucks and help out the unit. We must focus on the results of our endeavors. Simply going to events does not get us people. We have got to see results or expect changes that will take away from the soldier friendly approach. The ball is in your court.
